Multi-Property Report

Active desk update — Baur's Building deep-dive plus the full NavPoint retail slate, ranked call-first leads for every vacancy

Prepared for: Blake Ham — KEW Realty (and the Ham 'ohana)

Prepared by: Spector · AI Tenant & Deal Prospector

Date: August 15, 2026

Method: public data + honest outreach only · every lead = a reason + a source · I propose, humans send

1 · Executive snapshot — four active properties, nine vacancies

Everything below is researched, ranked and drafted — each property has a full target list, question sheet and outreach drafts on file. What's needed now is **broker answers + green-lights on outreach**. Top of the stack for Blake: the Baur's Building, where the #1 call is a proven dinner-and-show operator.

Property	Vacancies	Rate	#1 call-first lead	Status
Baur's Building — 1512–1514 Curtis St, Denver (KEW · Blake)	#100 8,905 SF turn-key restaurant/venue · #300 8,216 SF furnished penthouse + terrace · #200 Candy Factory takeover · 26,821 SF max contiguous	#300 \$35 FS; #100 on request	ENDIT Presents (Eric Pirritt, ex-Live Nation CO)	~30 targets + contact sheet ranked; awaiting Blake's answers
Shops on Wadsworth — 6616–6680 Wadsworth Blvd, Arvada (NavPoint · Brent)	2,723 / 1,845 / 2,034 SF (suite inventory needs Brent's confirm)	\$19.75 NNN + \$8.41 est.	Chef Tom Thai (stated brick-&-mortar intent; parks blocks away)	24 targets + contact sheet; awaiting Brent Q#1
4550 S Kipling St — Littleton (NavPoint · Brent + Mike Quinlan)	Unit 12 1,127 SF · Unit 15 965 SF (not contiguous)	\$15 NNN	Port of Subs (20-store CO deal, actively scouting Littleton)	12 targets + watch list; awaiting NNN est / exclusives
Shops at Hampden & Logan — 3531 S Logan St, Englewood (NavPoint · Brent)	Unit J 900 SF ex-sub shop · Unit L 1,170 SF built-out salon	\$23.50 NNN + ~\$8 est.	Denver Poke Co. / Saigon Alley (publicly expanding)	23 targets ranked; awaiting exclusives check

Clock item for the family: Capitol Center (1600 Sherman + 225 E 16th, Denver) goes to **live auction Aug 17–19** — opening bid \$1.5M against a \$29M 2018 sale. If anyone wants in, registration/go-no-go is **now**. Full memo in the Top-10 Acquisitions report.

2 · Baur's Building — 1512–1514 Curtis St

KEW Realty · Blake's listing · 1881 landmark, birthplace of the ice cream soda

The pitch in one line: a landmark 1881 building with a turn-key restaurant-and-stage below and a furnished penthouse-with-terrace above — two blocks from DCPA's 10,000 theater seats, the newly reopened 16th Street, and Colorado's largest ballroom.

Positioning honesty: a pure late-night club (La Diabla) failed in this room in 2025. The winning ground-floor use is **dinner-and-show / events / pre-theater** — not bottle service, not lunch-dependent formats.

Suite 100 (8,905 SF, turn-key restaurant + stage) — call this week

#	Prospect	Why they fit
1		

	ENDIT Presents — Eric Pirritt	Ex-president of Live Nation Colorado who bought & relaunched Ophelia's — the one local operator with a proven dinner-and-show P&L who could plug straight into the ex-Dazzle stage + kitchen.
2	Lotus Concepts — Francois Safieddine	20+ yrs downtown entertainment-dining (ViewHouse, My Neighbor Felix); actively deploying downtown right now (Noble steakhouse, 1525 Blake).
3	City Winery — Michael Dorf	13+ historic-building restaurant/venue hybrids nationwide, serial 2025–26 opener — Denver is a gap market; their formula monetizes DCPA + convention traffic exactly.
4	TAG Restaurant Group — Troy Guard	Publicly plans 5 restaurants in 2 years; Guard & Grace already feeds the pre-theater crowd two blocks away.
5	Non Plus Ultra	Operates 5+ historic Denver buildings as event venues on flexible deals — a landmark with a commercial kitchen 2 blocks from the 80K-SF Bluebird Ballroom is a corporate/wedding banquet machine.

Bench: Bonanno Concepts · Nocturne Jazz (brand heir to the Dazzle room; would need demise/partner) · Helium Comedy (no Denver club in a top-20 comedy market) · Culinary Creative Group · Sage Hospitality (runs The Curtis directly across the street). Wildcard: demise an 800–1,500 SF corner for a **Little Man ice-cream soda fountain** — Baur's invented the ice cream soda; the press writes itself.

Suite 300 (8,216 SF penthouse, \$35 FS, furnished + private terrace)

#	Prospect	Why they fit
1	Barnes & Thornburg LLP	AmLaw-100 firm opened Denver Feb 2026 with a 35-lawyer public-finance team — launch offices typically sign permanent space within ~12 months.
2	BRPH Architects-Engineers	ENR's #5 aerospace design firm opened Denver Apr 2026, explicitly expanding; penthouse + terrace is a client-tour magnet.
3	The Clubhouse Work & Golf	Golf-sim coworking that sold out DTC in 13 months, opening site #2 — a downtown edition complements Candy Factory rather than competing.

Demand proof to cite: Sasaki took the top of the historic Kittredge Building one block away; Cooper Carry moved Boulder → downtown; Reed Smith opened then expanded. Downtown vacancy is 38.6% but posted its **first decline on record** with the strongest absorption in 4 years and zero new supply.

What I need from Blake (full sheet on file): Suite 100 pricing guidance · kitchen equipment inventory · liquor-license status/transferability · demise appetite on #100 · does KEW want to exit operating Candy Factory (changes the #200 pitch) · terrace access rules for #300 events.

3 · Shops on Wadsworth — 6616–6680 Wadsworth Blvd, Arvada NavPoint · Brent · 53,840

VPD · 1-mi avg HHI \$131,493

\$19.75 NNN (+\$8.41 est.) · TI + free rent offered · **owner will fund restaurant infrastructure** — that last fact drives the food-first target list.

#	Prospect	Why they fit
1	Chef Tom Thai	

		Beloved food truck with press-stated brick-&-mortar intent — and it parks at 5190 W 65th, blocks from the center. Owner-funded restaurant infrastructure is the exact unlock.
2	Bonfire Burritos	Corridor serial expander (Golden original → multiple metro sites); daily-needs breakfast/lunch fits the co-tenancy.
3	Spavia Day Spa	New Colorado franchise agreement signed; 2,500–3,200 SF spec matches the 2,723 SF end-cap; \$131K HHI is their demographic.
4	WeeTea	Arvada-born boba brand with stated metro expansion plans — hometown story writes the LOI.
5	Starbird Chicken (Whiplash Holdings)	7-unit Colorado franchise deal signed, actively site-hunting; high-traffic suburban arterials are the stated profile.

24 ranked targets + named-contact sheet on file. **Open flag:** brochure suite inventory (982/1,107/1,192 SF) ≠ aggregator listing (2,723/1,845/2,034 SF) — Brent's confirm is Q#1 before outreach.

4 • 4550 S Kipling St — Littleton NavPoint · Brent + Mike Quinlan · Kipling & Quincy · 35.6K VPD · 1-mi HHI

\$101,691

Unit 12 = 1,127 SF · Unit 15 = 965 SF (not contiguous) · \$15/SF NNN — small-format service/QSR territory.

#	Prospect	Why they fit
1	Port of Subs	20-store Colorado development deal signed and actively scouting Littleton — a 1,127 SF strip inline at a signalized corner is their exact prototype.
2	The Joint Chiropractic	900–1,200 SF prototype; franchise system in active CO growth; Unit 15's 965 SF fits without a wall moved.
3	Scenthound	Membership dog-grooming in CO growth mode; small-format, service-resistant to e-commerce.
4	Kumon	Rooftops + schools fit; territory check + cannabis co-tenant disclosure needed first.
5	Marco's Pizza	Active CO franchise development; 1,000–1,400 SF carryout prototype fits either unit.

Watch list incl. Snarf's re-pitch in 6–12 mo. No-pitch screen applied (existing co-tenancy: hair/nails, sweets, liquor, Chinese, Mexican, auto, boba ½ mi). Awaiting Brent: NNN est., exclusives (The Attic / Sister Sweets), hood/grease, combine-12+15 option.

5 • Shops at Hampden & Logan — 3531 S Logan St, Englewood NavPoint · Brent sole-listed · Safeway-anchored · US-285 & Logan

Unit J 900 SF (ex-sub shop, closed) · Unit L 1,170 SF (built-out ex-salon, near-zero TI) · \$23.50 NNN + ~\$8 est. Thesis: **Swedish Medical Center + Craig Hospital 0.5 mi east** = shift-worker grab-and-go + turnkey salon reuse.

#	Prospect	Unit	Why they fit
1	Denver Poke Co. / Saigon Alley	J	Publicly expanding (DBJ, Jan 2026); healthy grab-and-go for hospital shift workers.

2	Scenthound	L	1,170 SF built-out service bay is a spec bullseye; Safeway anchor = daily traffic.
3	Olive & Finch	J	Their stated growth thesis is literally "near hospitals"; fast-casual clean menu.
4	Sport Clips	L	Salon build-out reuse at minimal TI; nearest competitor screen already run (Great Clips 0.5 mi excluded).
5	Uniform Destination	L	Scrubs/medical-uniform retail map-gap next to two hospitals.

23 ranked targets on file. **Coordination flag:** Bonfire Burritos appears on both the Wadsworth and Logan lists — stagger the outreach. Awaiting Brent: Safeway food/salon exclusives, Unit J hood/grease, Unit L station count, current NNN.

6 · What happens next

- **Blake:** answer the Baur's question sheet (pricing on #100, kitchen inventory, liquor license, Candy Factory intent) → I personalize the ENDIT / Lotus / City Winery outreach same day. Drafts are already written — you approve, you send.
- **Brent:** Wadsworth suite-inventory confirm (Q#1) + Kipling/Logan exclusives → unlocks three properties' outreach queues at once.
- **Family:** Capitol Center auction go/no-go before **Aug 17** if there's any appetite.
- Every property folder lives at the shared desk with STATUS.md, full target lists, question sheets and outreach drafts; PDFs at spectoragent.com/account/ (your member desk).

Standing promise: every lead above is a real business, with a reason and a public source on file — no invented numbers, no spam, nothing sent without a human yes. Forward this to anyone; the detailed per-property PDFs (with sources and named contacts) back every line. — **Spector** · spectoragent.com
