CAPITOL CENTER AUCTION

Prepared for: NavPoint Real Estate Group — Brent Ham

Prepared by: Spector · AI Tenant & Deal Prospector

Date: August 11, 2026 · **Method:** public sources only, every claim cited

Market backdrop — why now

Downtown Denver office is the deepest basis-reset in the country right now. Thirty downtown towers were flagged >40% vacant ([Denver Post](#), 2025-05-29); office vacancy ~27% at YE2025 with prime Class A ~19.9% (CBRE 2026 outlook). Distress trades are clearing at **80–98% discounts**: Trinity Place sold **\$6M vs \$40M (2019)** ([Bisnow](#)); Columbine Place (216 16th St) drew a **\$3.53M high bid** vs ~\$8M assessed (DBJ); Luzzatto Co. scooped **4 towers / 1.8M SF for ~\$4.80/SF** and plans a \$470M repositioning ([The Real Deal](#)); CU Denver bought a downtown tower at a ~80% discount (TRD). >200 distressed office trades nationally last year; 2026 is outpacing it (TRD).

Meanwhile retail/flex caps are wide and stable: metro Denver avg cap ~6.5–6.7%, flat Q1 → Q2 2026 ([LoopNet](#) market stats); Lakewood shopping centers avg ~6.15% ([CityFeet](#)). Small-bay industrial stays razor-tight — an Arvada 7-property small-bay portfolio (33,580 SF) recently sold **over asking** ([CoStar](#)).

The boutique edge: distress is priced for all-cash speed and local knowledge, not institutional process. NavPoint's corridor fluency (Wadsworth, Kipling, Hampden, Sheridan) plus Brent's leasing bench = buy right, lease with a ready thesis.

The ranked Top 10

#	Property / Address	Type	Size	Ask / basis	Why buy	Source
1	Capitol Center , 1600 Sherman St + 225 E 16th Ave, Denver	Office → residential conversion	135,000 SF (18% occ) + 22,000 SF bldg	Auction Aug 17–19, 2026; starting bid \$1.5M (bought 2018 for \$29M)	Live auction this week — full Uptown block at ~\$10/SF starting basis with a conversion path already scouted by the prior owner.	BusinessDen · Denver Post
2	Symes Building ("The George") , 820 16th St, Denver	Historic office → 116-unit residential conversion	98,600 SF, 8 stories	Ask undisclosed [verify] — lender Thorofare's basis \$6M (~\$61/SF) at Feb-2026 foreclosure	120-year-old 16th St Mall building with a pre-negotiated \$17M public-financing template (DDA, 30–80% AMI) a new buyer can re-apply for; Harbor paid \$17.2M in 2022.	TRD · Denver Post · Connect CRE
3	Hillside Plaza , 3890 Kipling St, Wheat Ridge	Daily-needs strip center	19,698 SF	\$5,900,000 · 6.56% cap	In-place income (Domino's co-tenant, Everitt Middle School next door) on the same Kipling trade area as our 4550 S Kipling leasing work — buy income, lease gaps from a ready list.	LoopNet · CommercialCafe · Showcase
4	691–699 Hampden Ave , Englewood	Multi-tenant strip storefront	36,220– 48,894 SF [verify]	\$10,600,000 · 7.51% cap	Widest verified strip cap on the board, sitting directly on our Swedish Medical / Craig Hospital shift-worker leasing corridor.	Showcase · CityFeet
5	3150 S Sheridan Blvd (Bear Valley campus), Denver	Office campus / flexible reuse	25,380 SF, 2 bldgs on 2.49 ac	\$2,450,000 (~\$96/SF)	Fee-simple campus at land-ish pricing inside a King Soopers / Home Depot-anchored node, explicitly marketed for office/medical/education/retail/restaurant reuse.	Colliers

6	11072 W 44th Ave , Wheat Ridge	Small-bay flex complex (office + 3 warehouses)	12,818 SF on 1.2 ac	\$1,890,000 (~ \$147/SF)	Four-building mix = built-in multi-tenant rent ladder in a submarket where small-bay portfolios trade over asking; owner-user exit optionality.	LoopNet · Showcase
7	340 W Hampden Ave , Englewood	Multi-tenant retail corner	8,684 SF	\$1,550,000 · 7.35% cap (\$178/SF)	Visible corner, small-shop tenant demand, exactly NavPoint-size value-add two blocks off our Hampden & Logan listing work.	Showcase · MLS via KW
8	7225 W 88th Ave , Westminster	Vacant big-box retail (carve-up)	100,683 SF	\$4.5–5.16M [verify] (~ \$45–51/SF)	Below-replacement big box on the 88th/Wadsworth power node — re-tenant, carve, or backfill with the daily-needs tenants we already prospect.	LoopNet · CityFeet
9	14900 W 64th Ave , Arvada	Commercial land / infill	83,200 SF (1.91 ac)	\$1,450,000 (~ \$17.40/SF land)	Cheap entitled-corridor land in growth-side West Arvada — land-bank or build-to-suit small retail where rooftops keep adding. [verify zoning/utilities]	Showcase
10	7215–7225 Lowell Blvd , Westminster	Value-add retail reposition	14,222 SF	\$1,149,000 (~ \$81/SF)	1962 building below land-and-shell value near 72nd/Federal — pure repositioning math with minimal downside.	Showcase · LoopNet

No entry exceeds \$25M; #8's carve-up and #1–2's conversion capex are the only plays likely to need a JV/institutional partner — flagged.

How we'd play it — top 3

1 • Capitol Center **AUCTION AUG 17–19 — DECIDE THIS WEEK**

Register and bid to a disciplined ceiling ([\[verify\]](#) auction terms: deposit, DD access, occupancy/estoppels, any ground-lease or structure quirks — note Columbine Place's ground lease is what killed its lender's appetite). **Strategy A:** win cheap (<\$5M), mothball/white-box, and sell the conversion entitlement to a residential developer within 12 months (Luzzatto-style basis reset proves exit demand). **Strategy B:** JV with a conversion GC/developer — NavPoint keeps leasing + a promoted fee. Do NOT bid past a basis where 18% occupancy can't carry taxes/security.

2 • Symes Building (820 16th St)

Call Kenai Capital Advisors (Thorofare's broker) for the ask — lender basis is \$6M, so expect \$6–8M; anything near basis is ~\$61–81/SF for a 16th St Mall historic with a **city-endorsed 116-unit conversion plan** that already cleared DDA underwriting once (\$17M public funds, rescinded on foreclosure, not on merits). Re-apply for DDA money, target 30–80% AMI workforce housing, and let the Mall's public-reinvestment tailwind do the appreciation work.

3 • Hillside Plaza (3890 Kipling)

Straight core-plus buy: 6.56% going-in, daily-needs tenancy, school-driven traffic. Underwrite the rollover schedule, then apply the 4550 S Kipling tenant list (Port of Subs, The Joint, Scenthound prototypes) to any vacancy. This is the lowest-risk, highest-certainty deal on the list — the one to close first while the downtown auctions play out.

Watch list / runners-up (all publicly marketed)

- **Columbine Place, 216 16th St** — auction concluded ~July 8 at a \$3.53M high bid (150K SF, 69% vacant); track whether the bid holds — if it falls through it re-trades. (DBJ, [Connect CRE](#))
- **Former Sears/Macy's box, 8501 W Bowles Ave, Littleton (Southwest Plaza)** — 135–143K SF 2-level anchor, SRS marketing sale-or-lease, price on request; distressed-mall assemblage/JV play. (SRS, [LoopNet](#))
- **4298 Kipling St, Wheat Ridge** — 16,320 SF retail/showroom/flex, "very well maintained," price on request — **call for price this week.** ([LoopNet](#))
- **723 & 725 S Broadway, Denver** — 16,421 SF, \$4.7M, 7.02% cap on the Broadway corridor. ([Showcase](#))
- **13201 W 43rd Dr, Golden** — 18,841 SF warehouse, \$5.8M, 6.96% cap; Golden industrial chronically under-supplied. ([Showcase](#))
- **12505 W 52nd Ave, Arvada** — 20,572 SF freestanding, \$4.0M, 6.22% cap. ([Showcase](#))
- **2553 Sheridan Blvd, Edgewater** — 1,748 SF storefront, \$510K, **8.67% cap** — widest cap on the board; 1031 toe-dip size. ([Showcase](#))
- **"Park Forum" office, Denver** — 23,067 SF at \$2.475M / 8.93% advertised cap, but the address could not be verified — [\[verify\]](#) before citing. ([Showcase](#))
- **Distress pipeline (systemic):** World Trade Center I & II CMBS liquidation at 98.5% loss ([Connect CRE](#)); Union Tower Lakewood traded \$17M at 32% discount ([TRD](#)) — monitor [Denver Public Trustee auctions](#) (Thursdays 10am) for 2026–27 note-sale flow.

Open questions for Brent

1. **Buy-side mandate:** principal house-account, investor-client deals, or both? (Changes #1–2 from "bid" to "bring a capital partner.")
2. **Capitol Center is live NOW** — does Brent want auction terms pulled and a go/no-go by Friday? Who runs registration/DD?
3. **Symes ask price** — want the Kenai Capital call script drafted, or is that Brent's call to make?
4. Any **ground-lease / structure diligence** capacity for the downtown plays (Columbine Place shows structure risk kills these deals)?
5. Land appetite: is #9 (West Arvada land-bank) in scope, or income-only?
6. Budget band confirmation: everything here is \$0.5M–\$10.6M ask — is that the real strike zone?

Caveats & method

- All pricing/caps **as advertised**, pulled 2026-08-10/11 from public aggregators and news; nothing here is off-market intel — the edge is corridor knowledge + speed.
- LoopNet blocks automated access; LoopNet-derived entries were corroborated via Showcase (same CoStar data), CityFeet, broker pages, or news coverage.
- Auction and distress details (Capitol Center occupancy/SF split via public listing repost; Symes ask undisclosed) are marked **[verify]** — pull OMs/auction packages before underwriting.
