The Space & the Story

Two small-shop vacancies in a Safeway (+fuel) anchored neighborhood center on the NW corner of Hampden Ave (US-285) & S Logan St: **Unit J — 900 SF** (former Sub Center sandwich shop) and **Unit L — 1,170 SF** (fully built-out former Cost Cutters salon), both at **\$23.50/SF NNN** (est. NNN \$8.00/SF, 2024 → all-in ≈ \$31.50/SF). Terms 3–10 years, TI negotiable.

~28,000	\$109,500	115,583	0.5 mi
VPD EACH DIR · HAMPDEN COUPLET	AVG HH INCOME · 1 MI	POPULATION · 3 MI	TO SWEDISH + CRAIG HOSPITALS

Two demand engines. ① **Swedish Medical Center** (368 beds — Englewood's largest employer) and **Craig Hospital** sit a half-mile east with thousands of shift workers and visiting families needing fast food, coffee and walk-in wellness. ② The **Safeway anchor with fuel** generates daily-needs trips all week. Unit L's intact salon build-out means near-zero TI for hair/grooming concepts; Unit J's food history makes it a ~\$2,400/mo entry for a first-or-second-store operator.

The center today (verified via Yelp / LoopNet, Aug 2026)

Ste	Tenant	Ste	Tenant

F	Dry cleaner	M	Chinese restaurant
G	Max Pizza	Anchor	Safeway + fuel

Co-tenancy screen honored — no pitches for grocery, optical, cell, pack/ship, nails, dry cleaning, pizza, frozen treats, liquor or Chinese food. Competition verified: Great Clips 0.5 mi (excluded), Jersey Mike's ~1 mi (excluded), Sport Clips & Floyd's 99 clear at 3+ mi.

Call-First Five — who I'd dial this week

#	Prospect	Unit	The one-liner
1	Denver Poke Co. / Saigon Alley (Freddy Nguyen)	J	Expanding <i>right now</i> (Denver Business Journal, Jan 2026) — poke + bánh mì in a 900 SF ex-sandwich shop feeding two hospitals' lunch rush.
2	Scenthound (dog wellness franchise)	L	Their published site spec reads like this center — 1,000–1,300 SF inline near busy anchors; FDD average unit 1,190 SF vs Unit L's 1,170; company states active Denver expansion.
3	Olive & Finch / Little Finch (Mary Nguyen)	J	Publicly wants to double her footprint and says the concept "translates well to... hospitals" — Swedish + Craig is her stated thesis.
4	Sport Clips	L	Turnkey salon build-out plus Cost Cutters' orphaned male clientele; nearest unit 3+ miles.
5		L	

Uniform Destination
Colorado (scrubs, 5 stores)

Glaring map gap on the Swedish/Craig/Porter hospital spine — 1,170 SF across from two hospitals plugs it.

Watch list: Woof Gang Bakery (verify CO presence) · Liberty Tax (Unit J backfill) · European Wax Center (L slightly small) · Gong cha CO (if Kung Fu Tea passes) · Green Giraffe Bar · Big Stuff Food Truck (re-verify search status) · Med Scrub Hub · Legends Grooming / Tribute Barbershop (Englewood Yelp leaders, unvetted) · Tropical Smoothie (30+ CO cafés committed, but 900 SF is below their box).

Ruled out: Great Clips (own unit 0.5 mi) · Jersey Mike's (2 units ≤1.8 mi) · Frenchies (nails conflict) · drive-thru coffee (no pad) · Hand & Stone / AFC / Club Pilates / Crumbl (too big) · all co-tenancy conflicts.

Market Heat — comp ammo for the landlord

The Englewood corridor is absorbing fast: **The Barn** (S Broadway, opened 3/2026), **Wapos Cantina** (taking Englewood + Denver spaces), **Porky's Chicken** (7/2026), and Work & Class's Englewood farm project. Small-shop demand is provably present — these two units are priced into the current of it.

Questions Before Outreach

- **Exclusives:** Does Safeway's lease restrict food/beverage uses? Any DQ frozen-treat, pizza, or salon-services exclusive? (Gates the smoothie/sub/coffee and hair pitches.)
- **Unit J infrastructure:** What survives from Sub Center — hood, grease trap, 3-comp sink? Could a Type-I hood be added?
- **Unit L build-out:** Stations/shampoo bowls staying? A photo set would supercharge salon outreach.
- **NNN update:** \$8.00 is the 2024 estimate — current figure?
- **Signage:** Monument panels available? Hampden-facing rights?
- **Deal posture:** Actual TI dollars being approved; free rent on the table as at Wadsworth?

Draft Outreach (for your approval — nothing sends without you)

Local food operator (Unit J): "Hi {Name}, Brent Ham with NavPoint Real Estate Group — I'll keep this short. I lease the Safeway-anchored center at Hampden & Logan in Englewood, and a 900 SF former sandwich shop just came available. Why I thought of {Concept}: Swedish Medical Center and Craig Hospital are a half-mile east — thousands of workers on shift schedules with no {category} option on this corner. Base rent \$23.50/SF NNN (~\$2,400/mo all-in), landlord open on TI, terms 3–10 years. Worth a 15-minute walk-through this week?"

Salon / grooming operator (Unit L): "Hi {Name}, Brent Ham, NavPoint Real Estate Group. Our long-time hair salon space at the Safeway center at Hampden & Logan just became available — 1,170 SF **with the salon build-out intact**. For an operator like {Concept}, that's most of the fit-out cost already in the walls, with anchor parking your current block can't match. The previous salon ran here for years — the walk-in clientele hasn't gone anywhere. Can I show you through this week?"

Franchise development team: "Submitting a site for {Brand}'s Denver-metro pipeline: The Shops at Hampden & Logan, 3531 S Logan St, Englewood — Safeway (+fuel) anchored, ~28K VPD each direction, 0.5 mi from Swedish Medical Center (Englewood's largest employer) + Craig Hospital. Unit J 900 SF (former food service) · Unit L 1,170 SF (former salon, build-out intact) · \$23.50/SF NNN. {Fit line}. Brochure attached — happy to walk the space with your area rep."
