The Space & the Story

Two small-shop vacancies in an established 25,439 SF daily-needs strip at Kipling & Quincy: **Unit 12 — 1,127 SF** and **Unit 15 — 965 SF** (not contiguous), both at **\$15.00/SF NNN** — value-priced roughly \$5–13/SF under the anchored centers on Bowles and Wadsworth. Built 1978; 3 minutes from Hwy 285.

The one-line pitch: the cheapest visible Kipling frontage a small operator will see this year — daily-needs co-tenancy (The 49th bar & grill, Arbor Liquors, My Mart, Bandidos, Yummy China) doing the traffic work for a 965–1,127 SF service or carryout concept.

Co-tenancy guardrails applied: no dry-cleaning, convenience, cannabis, liquor, sporting goods, cabinetry, bakery/sweets, hair+nail, Chinese, Mexican, or auto pitches — all represented in the center. Boba excluded (Boba Zone ½ mi north). The 49th confirmed as a two-location local bar & grill (the49thdenver.com) — an evening-traffic asset.

Open Questions for Brent

- **NNN estimate** — brochure quotes \$15.00 NNN with no expense number; need all-in for pitches.
- **Exclusives** — The Attic (blocks waxing/lash?), Sister Sweets (blocks dessert/coffee?), anything from cannabis/liquor leases.
- **Hood / grease-trap feasibility** in Units 12 & 15 — decides how hard we push Marco's / BBQ / carryout food.
- **Combine 12+15?** (2,092 SF, non-contiguous per listing — confirm layout) for a larger QSR user.
- TI / free rent appetite · current roster accuracy (2024 brochure) · parking ratio · pylon signage availability.
