

Brent Ham — This Week's Action Report

Prepared: August 14, 2026 · **For:** Brent Ham, NavPoint Real Estate Group

Purpose: the highest-value calls and decisions to make this week, using existing public research and live listing facts.

Executive call

1. **Today: call Port of Subs first** about 4550 S Kipling (Unit 12, 1,127 SF; Unit 15, 965 SF; \$15/SF NNN). Existing research indicates the concept is actively scouting Littleton/Colorado; this is the cleanest immediate tenant conversation.
2. **Then call Denver Poke Co./Saigon Alley and Scenthound** for 3531 S Logan. The former fits the 900 SF former food bay; the latter fits the 1,170 SF former salon build-out.
3. **Work Wadsworth's corridor-expander list:** Bonfire Burritos, Chef Tom Thai, Spavia, WeeTea, and the Starbird franchisee. Suite sizes/rate remain subject to the brochure-vs-aggregator discrepancy.
4. **By today, decide whether NavPoint wants Capitol Center auction diligence/registration.** The acquisition file flags an Aug. 17–19 auction with a \$1.5M starting bid; do not bid without confirming terms, deposit, title, occupancy, and a written maximum price.

Call sheet — ranked by likelihood to produce a live conversation

Priority	Call	Property / fit	Next action
1	Port of Subs	4550 S Kipling: 965–1,127 SF footprints match sandwich prototype; public research flagged active Colorado/Littleton scouting.	Ask franchise/development team whether Littleton territory is open; offer both units and delivery/parking facts.
2	Denver Poke Co. / Saigon Alley	3531 S Logan Unit J, 900 SF former Sub Center; hospital/shift-worker trade area and existing food infrastructure are the thesis.	Send one combined location note; ask who handles site selection.
3	Scenthound	3531 S Logan Unit L, 1,170 SF former Cost Cutters salon; near-zero-TI reuse is the bullseye.	Ask franchise development for territory status and prototype requirements.
4	Bonfire Burritos	Wadsworth: local corridor operator with a repeat-expansion thesis; landlord will fund restaurant infrastructure.	Call owner/operator; pitch end-cap and infrastructure support, subject to suite confirmation.
5	Chef Tom Thai	Wadsworth: public Westword coverage tied Chef Tom's truck to the immediate corridor; strong local proof-of-demand angle.	Ask whether a first brick-and-mortar Arvada site is still a goal; lead with 53,840 VPD.
6	Spavia	Wadsworth: Colorado franchise growth and 2,500–3,200 SF wellness footprint fit Suite A [verify].	Submit site through franchise-development path; ask for territory map and required parking.
7	WeeTea	Wadsworth: Arvada boba operator with public metro-expansion signal; 1,845–2,034 SF [verify].	Contact operator; first confirm exclusives and competing beverage uses.
8	Starbird franchise development	Wadsworth: Whiplash Holdings public seven-unit deal/site-hunting signal; restaurant infrastructure offer helps.	Route a site package to franchisee/development contact; confirm drive-thru/no-drive-thru need.
9	Olive & Finch	3531 S Logan Unit J: hospital-adjacent grab-and-go thesis, but 900 SF may be tight.	Keep as targeted backup; ask whether kiosk/small-format model is viable.

Priority	Call	Property / fit	Next action
10	The Joint Chiropractic	4550 S Kipling: 900–1,200 SF prototype aligns; neighborhood retail visibility and parking fit.	Ask development team to screen both noncontiguous units; confirm territory/exclusives.

Property-by-property work plan

4550 S Kipling — fastest tenant conversion test

- **Lead with:** Port of Subs → The Joint → Scenthound → Kumon → Marco's Pizza.
- **Ask Brent/landlord before quoting:** NNN estimate, exclusives, food plumbing/hood/grease conditions, and whether Units 12 + 15 can ever be combined (they are currently noncontiguous).
- **Do not pitch:** dry-cleaning, convenience, cannabis, liquor, sporting goods, cabinets, sweets, hair/nail, Chinese/Mexican, auto; existing/co-tenancy and corridor competition make these poor calls.
- Source package: [property folder](#), including TENANT-TARGETS.md and OUTREACH-DRAFTS.md.

3531 S Logan — reuse the existing build-outs

- **Unit J (900 SF):** Denver Poke Co./Saigon Alley first; food infrastructure and Swedish Medical Center/Craig Hospital demand are the thesis.
- **Unit L (1,170 SF):** Scenthound, then Sport Clips and Uniform Destination; former salon layout makes service conversion efficient.
- **Confirm:** Safeway food/salon exclusives, Unit J hood/grease, Unit L stations, and current NNN/CAM.
- Source package: [property folder](#).

Shops on Wadsworth — highest upside, but verify inventory first

- **Call:** Bonfire Burritos, Chef Tom Thai, Spavia, WeeTea, Starbird franchisee.
- **Hard facts from brochure:** 53,840 VPD, 1-mi average HH income \$131,493, 5.8/1,000 parking, TI/free rent, restaurant infrastructure contribution.
- **Critical blocker:** brochure shows 6626/6632/6634 at 1,192/1,107/982 SF while aggregators show 2,723/1,845/2,034 SF. Do not send a suite-specific proposal until Brent confirms current inventory, suite IDs, and availability.
- Source package: [property folder](#).

Acquisition decision — Capitol Center

The acquisition file identifies a public Aug. 17–19 auction for Capitol Center (1600 Sherman + 225 E 16th) with a reported \$1.5M starting bid versus a much higher historic basis. **This is a diligence/registration decision, not a recommendation to bid.** Today's checklist:

- Obtain official auction terms, buyer premium, deposit deadline, closing timeline, title/encumbrance package, and occupancy/rent roll.
- Confirm whether the \$1.5M is a true opening bid and establish a written all-in maximum price before registering.
- Model vacancy, capex, insurance, taxes, and downtown office/retail conversion risk; no bid without downside case.
- If Brent is not pursuing a principal acquisition, treat as investor-client lead generation only and archive the deadline.

Suggested cadence

- **Friday:** Port of Subs, Denver Poke/Saigon Alley, Scenthound; Capitol Center go/no-go.
- **Monday:** Bonfire, Chef Tom, Spavia, WeeTea, Starbird; send only after Brent approves drafts.
- **Tuesday:** follow-up calls; log decision-maker, territory, prototype, and next step in each property ledger.

Important caveats

All tenant interest and expansion signals are prospecting hypotheses, not commitments. Public sources support the fit thesis; territory, current availability, exclusives, financial capacity, and site-selection status must be confirmed directly. Spector drafts outreach only—Brent sends it.
